## State-of-the-art POS solutions and peripherals

Since 1990, Partner Tech has been a leading global developer and manufacturer of PC-based point of sale systems and peripherals. To satisfy constantly changing demands for better POS technologies, Partner Tech designs its solutions with cutting-edge functions and features for all types of POS applications and environments, whether compact all-in-one systems or mobile ordering terminals.

To achieve state-of-the-art POS solutions and peripherals, Partner Tech's production is held to the highest industrial standards. This includes component selection, circuitry development, mechanical construction, and housing design. Before products go into mass production, Partner Tech performs all required international tests for safety and conformity. As a result, Partner Tech can make the following product longevity and quality guarantees:

- ▶ Product warranty up to 5 years \*Subject to terms and conditions
- ▶ Parts availability of 7 years
- ▶ 60,000 hours of MTBF (Mean Time Between Failures)
- ▶ 100% component derating to enable longer lifetime.

In 2015, Partner Tech identified E-PoS International LLC as the powerhouse in the Middle East. Over the last 20 years, E-PoS had built such a strong brand, and in 2017, E-PoS joined the Partner Tech family. Today, E-PoS is a brand of Partner Tech Middle East FZCO.
