# X-Sign

A Digital Signage Solution

Unlock the Power of Digital Signage

Create, Schedule, and Publish Content with A Single Solution

Create, Schedule, and Publish Content with A Single Solution

Maximize the impact of your digital displays and menu boards while minimizing costs and effort. X-Sign offers a seamless, cloud-based digital signage solution designed to enhance customer experiences and drive sales through engaging, interactive content.

Effortless Content Creation

Bring Your Brand to Life
With X-Sign, digital displays and menu boards become powerful tools for communication. Easily showcase promotions, highlight new offerings, and build brand identity with dynamic, eye-catching content—all without the need for a designer or additional staff.

Create Like a Pro
X-Sign offers an array of customizable templates, allowing you to create professional-quality content in minutes. Whether it's images, videos, or HTML5 elements, you can produce high-impact content across multiple displays—instantly and with ease.
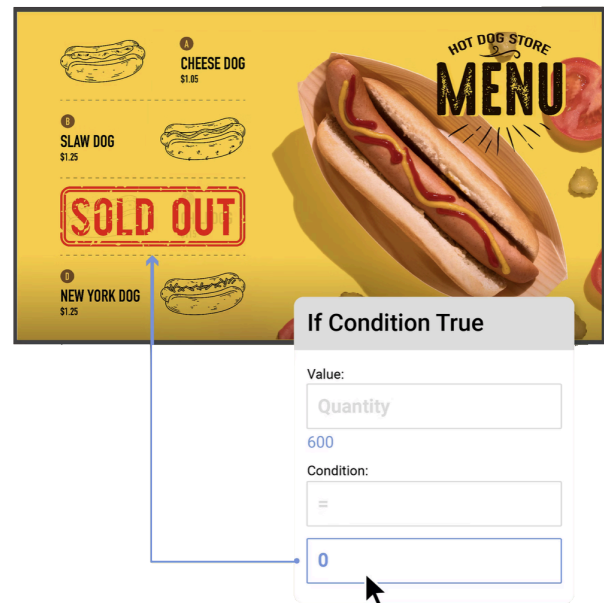

Perfect for Any Display
No matter your screen size, X-Sign has you covered. From small menus to large video walls, our solution supports everything from 4K and FHD to stretch displays. Plus, with Pantone validation, your content will always look vibrant and true-to-color.

Dynamic Content for Greater Impact

Adapt in Real-time
X-Sign's open API allows you to integrate your POS and other business systems, making it easy to update prices, promotions, and product availability automatically. Whether it's adjusting for low stock or changing content based on time of day, weather, or customer demand, your content can always stay relevant and up-to-date.

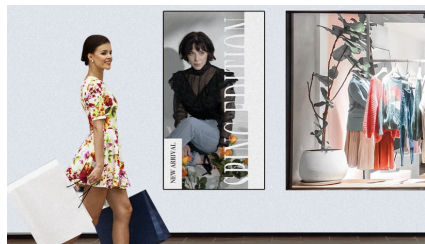

Engage with Touch Interactions
Take customer engagement to the next level with X-Sign's touch screen support. Create interactive menus, product catalogs, and maps that allow your customers to explore in a hands-on way.

Select from hundreds of templates. Easily adjust it for your audience.

Restaurants
*Attract customers with vibrant menus and daily specials.*

Retail Stores
Create captivating, touch-based interactive signage.

Gyms, Spas, etc
Update prices, schedules and events in real-time.

Efficiently publish content to all your signage via Wi-Fi.

Easy Device & Content Management

Schedule Content with Ease
X-Sign's intuitive web-based calendar lets you schedule content for specific times, days, or recurring sequences. This means you can effortlessly manage your displays and deliver tailored messages at the optimal moments—perfect for driving foot traffic during key hours or promoting special offers.

Targeted Content, Tailored to Your Audience
Group your displays by department or location to ensure your messaging is always relevant. Deliver content that resonates with your customers in the right place, at the right time, every time.

Remote Diagnostics for Peace of Mind
Keep everything running smoothly with X-Sign's remote diagnostics. Monitor display performance, control functions, and receive real-time alerts, all from a centralized off-site location. No need to worry about troubleshooting or disruptions—X-Sign ensures your content is always up and running.

Seamless Distribution of Content

Cross-platform publishing
Deliver content effortlessly across all devices using wireless cloud publishing. X-Sign also supports LAN and USB distribution, ensuring flexibility no matter your setup. Plus, it works with a wide range of display types, from Windows to iOS and Android, so you can ensure seamless integration across your entire network.

Track Customer Engagement & Insights
X-Sign provides valuable analytics that track how customers interact with your content. Gain insights into user preferences, popular products, and engagement patterns to make data-driven decisions and refine your content strategy for even better results.

Whether you're a restaurant wanting to showcase menu items or a retailer promoting seasonal offers, X-Sign offers an all-in-one digital signage solution to transform your customer experience, increase sales, and reduce operational complexities. Ready to get started? Turn your displays into powerful marketing tools with X-Sign today!
