SUNMI T2s LITE Desktop POS

Flexible forms bring abundant experience

Performance breakthroughs on your fingertips.

High performance octa-core processor, up to 2.2Ghz. Equipped with large-capacity memory of 3GB RAM + 32GB ROM, T2s LITE allows you to experience unparalleled operation smoothness.
Anti-interference touch screen.

To realize your demand on worry-free touch experience in various environments, even near high-power devices, we employ an industrial-grade touch chip which is more resistant to EMI.

Unlock more possibilities with a VESA mount.

T2s LITE can be mounted with a VESA mount, enabling more applicable scenarios. For example, it can be used as a kitchen display of a KDS , greatly improving the restaurant operational efficiency.
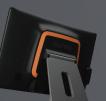

Optional Accessories

NFC&MSR Card Reader

For NFC card reading and magnetic stripe card reading.

VESA mount

For more space-saving installation and more flexible use.
